Management report on the third quarter

Macroeconomic trends

Gross domestic product growth slowed considerably in the third quarter. The care market was almost unaffected by this, given its primary dependency on demographic trends. The unemployment rate fell further. particular, however, the supply of specialist care personnel underwent a further dramatic reduction. There was a marked increase in the consumer price index, although general care rates proved unable to benefit from this to any notable extent.

CURANUM business trends

PROFITABILITY

Third-quarter consolidated revenue increased by €1.2 million to reach €66.4 million. This was due, firstly, to a further year-on-year increase in occupancy, and, secondly, to the expansion of our range of additional care services for occupants suffering from dementia, and the start of operations of our new facility in Hennef-Mitte. As a consequence, revenue for the first nine months of the year was up by 2.3% to €195.7 million.

The personnel expense increased by €1.2 million in the third quarter to reach €34.2 million, which is also due to a special effect connected with the stepping down of a Management Board member. Consequently, the personnel expense for the first nine months increased by 3.6% to €100.6 million.

The third-quarter rental expense of €13.3 million was slightly below the previous year's level. This was mainly due to the amalgamation of the two Munich head offices, and the closure of the Nuremberg subgroup headquarters in winter 2010. The nine-month rental expense fell by 1.5% to €39.8 million as a consequence.

At €11.4 million, other expenses were almost unchanged compared with the previous vear's figure, which attributable, in particular, to high maintenance costs, and the consultancy expense connected with the GWA transaction that the company plans to implement in the fourth quater. As a result, other expenses over the course of the first nine months increased by almost 3% year-on-year to reach €35.2 million.

EBITDA (earnings before interest, tax, depreciation and amortization) stood at €7.5 million in the third quarter. Total EBITDA for the first nine months grew by 2.0% to €20.1 million.

EBIT (earnings before interest and tax) thereby amounted to $\[\]$ 4.7 million in the third quarter, allowing us to achieve a total of $\[\]$ 12.2 million for the first nine months, equivalent to the previous year's figure.

The income tax in the first nine months includes €2.6 million of deferred tax due to the profit-and-loss transfer agreement between CURANUM AG and CURANUM Holding GmbH that was approved by the Shareholders' General Meeting.

Curanum AG Munich 3rd quarter report 2011

Third-quarter earnings after tax amounted to €1.7 million as a consequence. For the first nine months they totaled €6.2 million, compared with €2.0 million in the previous year. This corresponds to earnings per share of €0.17 for the first nine months.

NET ASSETS

Total consolidated assets increased by 9% compared with the start of the year to reach €258.2 million.

On the assets side of the balance sheet, the cash position increased to $\[mathbb{c}20.5$ million as of September 30, primarily due to the capital increase that was performed in the second quarter. Also, in particular, other current assets underwent a slight increase of $\[mathbb{c}2.9$ million to $\[mathbb{c}13.9$ million due to prepayments and accrued income for rent and insurance.

Property, plant and equipment was up by €11.5 million due to the opening of our new Hennef-Mitte facility after the conclusion of a finance lease agreement. The conclusion of the profit-and-loss transfer agreement between CURANUM AG and CURANUM Holding GmbH resulted in the capitalization of deferred tax due to the €2.6 million of loss carryforwards reported at CURANUM AG. There was a slight increase of €0.6 million in intangible assets due to the relicensing of our operating systems. Noncurrent assets rose by €14.6 million to €223.8 million as a consequence.

On the equity and liabilities side of the balance sheet, financial liabilities decreased by total of €2.2 million to €75.0 million as of September 30. Current financial liabilities reduced to €15.1 million primarily due to the reclassification of €21.3 million of current liabilities non-current as liabilities. This reclassification occurred as the result of the agreement by the lenders of the borrower's note loan to the covenant breach at the end of last year, which was presented in the last annual report.

Trade payables decreased by €1.4 million, and other current liabilities were down by €3.8 million. The latter connected partly with contractually agreed transfer of the Vienna facility. The €1.4 million increase in current provisions is particularly connected with the addition that was made to personnel provisions. Finally, lease liabilities increased by €11.4 million to €89.8 million, primarily due to the balance sheet recognition of the new Hennef lease agreement.

Total equity increased by $\[\in \]$ 16.9 million to $\[\in \]$ 66.1 million due to the capital increase and the earnings generated in the current year. The equity ratio improved from 20.8% at the start of the year to currently 25.6% as a consequence.

FINANCIAL POSITION

As of September 30, 2011, the CURANUM Group reports a $\[\] \]$ 4.6 million change in its cash position, which is composed of a $\[\] \]$ 10.3 million cash inflow from operating activities, a $\[\] \]$ 5.4 million cash outflow from investing activities, and a $\[\] \]$ 6.3 million cash outflow from financing activities.

The cash inflow from operating activities was below the previous year's level of €25.2 million. Along with outgoing payments due to the sale of the Vienna facility, this is particularly attributable to a working capital reduction related to the reporting date.

The cash outflow from investing activities includes outgoing payments of \in 4.5 million for investments in our facilities, and \in 0.9 million for software licenses.

The reduction in the cash outflow from financing activities is primarily due to the €11.7 million capital increase that

Curanum AG Munich 3rd quarter report 2011

was implemented in the second quarter of the year. This inflow is offset, in particular, by special redemptions of real estate loans.

Management Board and employees

As of September 30, Mrs. Merazzi-Weirich stepped down from the Management Board of our company by amicable agreement. We thank her für the long lasting cooperation and wish her all the best for the future.

At 6,527 individuals, the number of Group employees in the third quarter was 252 higher than in the prior-year period. The CURANUM Group currently employs 249 trainees.

The share

Independent of operating business trends at CURANUM AG over the nine-month period, the share price fell from €2.40 on January 1 to €2.03 on September 30. This decline is less than the general retreat in DAX share prices. Average daily trading turnover amounted to 12,596 shares in electronic trading (Xetra) in the first nine months of the year, and stood at 14,165 shares overall.

Risks and opportunities attached to business development

Compared with the presentation made in the 2010 financial-year annual report, there were no notable changes to the risks and opportunities pertaining to business development.

Outlook

We anticipate that operating business trends will continue positively over the further course of the 2011 financial year, not least due to the marketing activities that we launched, and to the newly introduced responsibilities at regional manager level. In addition, and due to the related transaction, we expect positive earnings contributions from the prospective takeover of the six GWA Group facilities.

In the fourth quarter, we aim to continue with our investment program to improve our facilities, and at the same time to analyze each individual location's strategic market positioning through our real estate management function.

We intend to reduce the turnover rate of our specialist staff through the personnel development concepts that we have developed over the last few months, and through the activities of the CURANUM Akademie Stiftung. As a training-oriented operation, we will also continue to predominantly train our own up-and-coming specialist care staff.

Munich, November 2011

Notes

1. General information

CURANUM Aktiengesellschaft (referred to below as "CURANUM AG" or the "company") has its headquarters at Engelbertstrasse 23-25, 81241 Munich, Germany. The business objective of CURANUM AG and its subsidiaries is the creation and operation of senior citizen and residential care homes. CURANUM AG, Munich, as the ultimate parent company of the CURANUM Group, has prepared this set of consolidated financial statements.

Basis of preparation

These 2011 unaudited quarterly financial statements have been prepared according to International Financial Reporting Standards (IFRS). As of the time of transfer to IFRS on January 1, 2004, CURANUM AG prepared a set of opening accounts that provide the starting point for IFRS accounting.

The income statement has been prepared according to the nature of expense method.

These quarterly financial statements have been prepared in harmony with IAS 34, and do not necessarily contain all information presented in consolidated financial statements. Reference should be made to the consolidated financial statements as of December 31. 2010. which were prepared according to IFRS.

These quarterly financial statements have been prepared in euros. All values have been rounded to the nearest thousand euros $(T \in)$ unless otherwise stated.

2. Accounting and valuation principles

The accounting and valuation principles are identical to those used for reporting purposes as of December 31, 2010. Please refer to the related notes in the

consolidated financial statements as of December 31, 2010.

Statement of compliance with IFRS

These interim financial statements of CURANUM AG and its subsidiaries were prepared in accordance with International Financial Reporting Standards (IFRS) as approved by the EU.

Curanum AG Munich 3rd quarter report 2011

Events after the balance sheet date (IAS 10.21)

The takeover of the six residential homes from the Bremen based Gesellschaft für Wohnen im Alter is planned for the near future, as soon as the closing conditions are met.

Earnings per share

Please refer to the note to the income statement in these quarterly financial statements concerning earnings per share.

Related parties

Please refer to the notes to the consolidated financial statements as of December 31, 2010 concerning related parties disclosures.

No significant changes have occurred compared with the consolidated financial statements as of December 31, 2010.

3. Segment reporting

The CURANUM Group renders all services for one identifiable customer group exclusively within Germany. Due to the overall uniform opportunities and risk profile of all services, all business segments are aggregated into one business area in accordance with IFRS 8.

4. Contingent liabilities and claims

Contingent liabilities are not recognized in the quarterly financial statements. They are disclosed in the notes to the consolidated financial statements except where a possibility of an outflow of resources embodying economic benefits is highly unlikely.

Contingent claims are also not recognized in the quarterly financial statements. They are entered in the notes to the consolidated financial statements. however, when the inflow of economic benefits is likely.

5. Capital increase

The authorization of the Management Board that resulted from a resolution of the Shareholders' General Meeting on June 25, 2009, to increase the company's share capital, with Supervisory Board approval, in exchange for cash or non-cash capital contributions, once or on several occasions until June 24, 2012, by a total, however, of up to €6,532,000 through the issue of a maximum of 6,532,000 new ordinary bearer shares was realized through the placing of new shares. The new shares were offered to shareholders in a 4.9: 1 ratio, at a subscription price of €1.80 per share. The subscription period ran between April 12, 2011 and May 2, 2011.

CURANUM AG's share capital is raised from currently €32,660,000.00 to €39,192,000.00 as a result of the capital increase. The gross issue proceeds from the capital increase that accrue to CURANUM AG following the deduction of issue costs amount to €11,757,600. This inflow of funds serves the continuation of the company's growth path.

At the same time, we refer to the information published in the ad hoc announcements on March 31, 2011 and May 3, 2011.

6. Executive bodies of CURANUM AG

The Management Board member responsible for project management, Mrs. Sabine Merazzi-Weirich, left the company as of September 30, 2011 on amicable terms.
