Munich, February 17, 2020

Invitation to PRESS EVENT at 18th LogiMAT Tuesday, March 10, 2020 | Messe Stuttgart | Germany

We are proud to present **LogiMAT 2020** with this year's theme "**First-Hand Intralogistics: Visions – Innovations – Solutions**" featuring over 1,650 international exhibitors filling 125,000 square meters in all exhibit halls of the Stuttgart Messe convention center. Regarded as the world's premier trade show for intralogistics solutions and process management, LogiMAT gives industry professionals insights into winning ideas and emerging trends and a sneak peek at exciting innovations, many never before seen anywhere else in the world.

Industry professionals can expect a comprehensive overview of current intralogistics products and innovations, including many not yet seen anywhere else, from an exciting mix of smaller players and global giants. LogiMAT 2020 focuses on the key drivers and challenges of intralogistics Industry 4.0, human-to-machine communication, big data, end-to-end digitization of supply chain processes – along with the integration of intralogistics, production, and trade.

Visitors benefit from an excellent accompanying program, making LogiMAT a trade show with the added value of an industry conference. Over 100 speakers from the business and academic communities will offer a program of 31 presentations in forums held right in the exhibitor halls. Live events also offer real-world insights into trends and solutions on the issues that move today's markets.

The TradeWorld information platform, focusing specifically on retail logistics processes, is featured in a prominent new position in the Atrium, East Entrance, flanked by exhibitors offering digital solutions for automating trade processes.

We would be delighted if you would join us to experience the many brand-new innovations debuting at LogiMAT 2020 and celebrate the winners of the BEST PRODUCT award to be presented at the opening ceremony.

We would like to personally invite you to three special events:

Opening ceremony of LogiMAT 2020 followed by presentation of BEST PRODUCT awards

Tuesday, March 10, 2020 | 9:30 - 10:30 a.m. | Forum A, Hall 1 (German/English)
