## Organisational information:

To ensure everything runs smoothly during your stay in Stuttgart and in your work, we would like to pass on some information about accreditation and the services available in the **LogiMAT Press Lounge**, which is located at the **East Entrance**.

**Please register in advance by 5 February 2019 in the press section of our website, so that we can prepare the documents for you. Advance registration means you don't need to wait when you get to the fair.**

Alternatively there is the possibility to register at the trade fair at the **info counter in the East Entrance from 8:00 am each day and after that enter directly the fair**. You will need to present a valid, recognised press ID. As another option you can present a valid letter of authorisation from the editor for whom you work and a proof of your editorial work in form of an article credited to you.

We point out that we will, however, not be sending out press passes for the event in advance of the show.

In the **LogiMAT Press Lounge**, reserved for representatives of the media and for speakers in the accompanying programme, we will be providing press releases from the exhibitors in the press compartments and free internet access. And, to keep your energy levels up, refreshments will be available for you here, too.

At [www.logimat-messe.de](http://www.logimat-messe.de) you can find lots more information about the show, including full details of the extensive events programme and the forum lectures.

Should you have any questions, please contact me any time on Tel.: +49 (0)89/3 23 91-249.

Best regards from Munich

LogiMAT 2019
