

## The perfect way to beat dust and dirt: Einhell delivers cordless cleaning with maximum suction power

*Landau an der Isar, September 21, 2021 – Wet & dry vacuum cleaners are practical helpers in the home for cleaning up dust, dirt, and liquids. This is why every home should have one – alongside a standard vacuum cleaner, of course. From autumn 2021, Einhell Germany AG will be adding the new TE-VC 36/25 Li S Cordless Wet & Dry Vac to its range, where it will also be part of the Power X-Change platform of cordless, battery-powered tools. With a capacity of 25 liters and a maximum suction power of 150 mbar, the new wet & dry vacuum cleaner will handle anything you can throw at it.*

### The right cleaner for all your needs

Whether for the home, garage, workshop, or construction sites – a cordless wet & dry vacuum cleaner can be used anywhere and at any time, with no need to worry about where to plug it in and no electric cables getting in the way. From autumn 2021, Einhell will be expanding its range of cordless, battery-powered tools and adding a further 36 V wet & dry vacuum cleaner, which will be capable of delivering a high maximum suction power of 150 mbar. This increases the number of wet & dry vacs available in Einhell's cleaning range to a total of five. These are available optionally either as 18 or 36 V models and come in different power classes.

### Powerful and reliable

The new TE-VC 36/25 Li S Cordless Wet & Dry Vac takes full advantage of Einhell's twin pack technology to combine two powerful 18 V Power X-Change battery packs in a single vacuum cleaner. Together they deliver the power required to efficiently clean up dry dust, liquids, small pieces of debris, or other rubbish. With the two available speed ranges BOOST & ECO, users can choose between higher suction power or longer battery life. A water drain plug is provided in the 25-liter stainless steel tank so that the dirty liquid that is sucked up can be drained easily. With the different nozzles provided, upholstered furniture or car seats can also be cleaned effortlessly with the combined wet & dry device. Areas that are difficult to access can be cleaned using the blowing connection. Practical storage holders are provided so that the extensive collection

The new TE-VC 36/25 Li S Cordless Wet & Dry Vac will soon be added to Einhell's range of cleaning tools.
