As the political lobby for more than 180,000 family entrepreneurs, DIE FAMILIENUNTERNEHMER follows the values of freedom, ownership, competition and responsibility. Within the association, DIE JUNGEN UNTERNEHMER is the forum for young family and owner-managers up to the age of 40. Based on the motto freedom, property, competition and responsibility, the association takes a clear stand for a competition-oriented and social market economy and against unnecessary state intervention.

Dr Alexander Strunz added: "Our success would not be possible without the dedicated team at LAMILUX. We are proud to work with talented employees who share our vision and pull together with us. This award is an incentive for all of us to continue the positive development of the past years."
