annual report

05.03.2010

Graz, March 5, 2010. International technology Group ANDRITZ recorded a solid business development in the 2009 financial year in spite of the generally difficult economic environment. Sales of the ANDRITZ GROUP amounted to approximately 3.2 billion EUR, thus 11% below the record figure for 2008. Order intake, at over 3.3 billion EUR, remained on a very solid level, only 10% below the high value of 2008. The order backlog at the end of 2009 amounted to approximately 4.4 billion EUR and was thus slightly higher than at the end of 2008. Due to the decline in sales and one-off restructuring expenses of approximately 29 MEUR, the Group's EBITA declined to 164.1 MEUR (2008: 233.2 MEUR). Profitability (EBITA margin) amounted to 5.1% (2008: 6.5%) - excluding these one-off restructuring expenses, the EBITA margin was 6.0% (2008: 6.8%). Net income (excl. non-controlling interests) amounted to 96.8 MEUR (2008: 139.7 MEUR). At the Annual General Meeting, the Executive Board will propose a dividend payment of 1.00 EUR per share (2008: 1.10 EUR), which is equivalent to an increase in the payout ratio to 52.9% (2008: 40.3%).

Sales below record level of 2008 - HYDRO remains strong Sales of the ANDRITZ GROUP amounted to 3,197.5 MEUR in 2009, thus 11.4% below the record figure for the previous year (2008: 3,609.8 MEUR). While the HYDRO business area achieved a significant increase in sales, sales in the other business areas declined compared to 2008 - particularly in PULP & PAPER.

Satisfactory order intake - slight increase of order backlog Despite the difficult global economic conditions, order intake of the Group in 2009, at 3,349.3 MEUR, was only 9.6% below the high level of the previous year (2008: 3,705.3 MEUR). This is mainly due to the very positive development of the HYDRO business area, where order intake rose by 9.8% to a new record value of 1,693.9 MEUR (2008: 1,543.4 MEUR). In contrast, the other business areas - particularly METALS - saw a decline in order intake compared to the previous year.

The order backlog of the ANDRITZ GROUP as of December 31, 2009 amounted to 4,434.5 MEUR, an increase of 3.7% compared to the previous year's high level (Dec. 31, 2008: 4,277.4 MEUR). While the order backlog of the HYDRO business area showed a significant increase, particularly the METALS business area recorded a decline.

Earnings significantly lower, mainly due to one-off restructuring expenses The Group's EBITA amounted to 164.1 MEUR, significantly below the reference figure for the previous year (2008: 233.2 MEUR). The profitability (EBITA margin) amounted to 5.1% (2008: 6.5%). This decrease is mainly due to expenses for capacity adjustments and operational restructuring of approximately 29 MEUR, particularly in the PULP & PAPER business area, as well as due to the decline in sales. Excluding these one-off expenses, the EBITA in 2009 amounted to 193.1 MEUR, equivalent to an EBITA margin of 6.0% (2008: 6.8%).

Net income (excl. non-controlling interests) amounted to 96.8 MEUR (2008: 139.7 MEUR).

Solid balance sheet structure - substantially higher liquidity Total assets of the ANDRITZ GROUP as of December 31, 2009 increased to 3,309.3 MEUR (Dec. 31, 2008: 3,086.3 MEUR). The equity ratio as of December 31, 2009 amounted to 20.0% (Dec. 31, 2008: 18.7%).

Liquid funds (cash and cash equivalents plus marketable securities) amounted to 1,082.1 MEUR as of December 31, 2009 (Dec. 31, 2008: 821.8 MEUR). Net liquidity (liquid funds plus fair value of interest rate swaps minus financial liabilities) increased to 677.9 MEUR, thus well above the value at the end of last year (Dec. 31, 2008: 408.9 MEUR).

Dividend: increase in payout ratio At the Annual General Meeting, the Executive Board will propose a dividend payment of 1.00 EUR per share (2008: 1.10 EUR), which is equivalent to an increase in the payout ratio to 52.9% (2008: 40.3%).

Outlook for 2010 'We are well-positioned for 2010 and expect a varied development for each of the business areas. While we expect a continuing positive environment for the HYDRO business area, we do not anticipate a substantial increase in investment activity in the PULP & PAPER and METALS business areas. The other business areas should see a slight positive development,' says President and CEO Dr. Wolfgang Leitner.

Based on these expectations and the order backlog of more than 4.4 bn. EUR at the end of 2009, the ANDRITZ GROUP expects sales in 2010 to remain unchanged or slightly up compared to 2009. The cost reductions resulting from the restructuring measures implemented in 2009 should positively impact the net income.
