- JV Sany Palfinger produces and sells PALFINGER products in China
- JV Palfinger Sany distributes Sany mobile cranes outside China
- Sany Heavy Industry is the market and technology leader in the field of construction machinery in China
- PALFINGER is the market and technology leader in the field of truck-mounted cranes

Today PALFINGER AG, headquartered in Salzburg (Austria), and Sany Heavy Industry Co.,Ltd headquartered in Changsha (People's Republic of China), entered into an agreement on the establishment of two joint venture companies in which both parties will each hold 50per cent of the shares. Sany Palfinger will primarily produce and sell PALFINGER products in Changsha for the Chinese market; Palfinger Sany, with its registered office in Salzburg, will distribute the mobile cranes produced by Sany in the global market outside China. The establishment of the two joint ventures is subject to the approval of the authorities.

Sany Palfinger SPV Equipment Ltd. in Changsha will develop and produce truck-mounted knuckle boom cranes and telescopic cranes on the basis of the technologies of PALFINGER and Sany for the Chinese market. The medium-term target is a market share of 30per cent. Sany Palfinger SPV Equipment Ltd. will establish a new plant near Sany's facilities, with production capacities for 10,000 cranes. At the same time, a dense sales and service network will be set up in China. First, ten standard crane models will be produced in series for the Chinese market. In a second step, other PALFINGER products, such as container handling systems, tail lifts and access platforms should be included in the production and sales portfolio. The company will start operations in 2012 and will have reached full operational effectiveness by 2013.

Palfinger Sany International Mobile Cranes Sales GmbH is being established as an international sales and service company, having its registered seat in Salzburg and exclusively distributing Sany's mobile cranes in Europe and CIS. Furthermore, for the Americas, the development of a truck mounted stiff boom crane is planned. The company will start operations without delay and will have reached full operational effectiveness by the end of the year.

Both companies will be subject to the Austrian Code of Corporate Governance and will prepare their financial statements in accordance with IFRS and Chinese GAAP, respectively.

A press conference will be held tomorrow, Wednesday 29 February 2012, at 9.00am CET at PALFINGER's headquarters in Salzburg.
