NTT DATA Ranked Top Leader for IoT by teknowlogy Group

Bielefeld (ots) -

intelligence [NTT DATA Business Solutions](#), a recognized leader in global technology services, today announced the company was named "Top Ranked" for their global Internet of Things (IoT) consulting and system integration services by teknowlogy Group - leading independent European research firm.

[The IoT Consulting and System Integration \(C&SI\) Survey](#) is the world's first customer-centric benchmark for the performance of numerous consulting and system integration providers on projects related to the IoT. The findings provide an unparalleled level of user feedback on 32 leading IoT providers.

"NTT DATA is one of the top vendors when it comes to solution development and implementation," said **Klaus Holzhauser, Global Head Digital & IoT, teknowlogy Group**. "The findings from this survey also prove that they deliver End-to-end IoT solutions with a high level of customer satisfaction and with outstanding business value. In addition, NTT DATA is one of the key vendors for clients when flexibility is required on the delivery side."

"NTT DATA understands the constantly evolving IoT landscape and works with clients to tailor to their specific needs," said **Mark Albrecht, Global Head of Innovation, intelligence at NTT DATA**. "With a consulting approach, we are able to create unique opportunities for our clients to discover underlying problems and deliver greater ROI."
