Bielefeld (ots) -

[itelligence](#) today announced that it has received two 2020 [SAP® Pinnacle Awards](#) as the SAP SuccessFactors Partner of the Year and Intelligent Spend Management Partner of the Year, which recognizes its outstanding contributions as an SAP partner. [SAP](#) presents these awards annually to the top partners that have excelled in developing and growing their partnership with SAP and helping customers run better. Winners and finalists in 34 categories were chosen based on recommendations from the SAP field, customer feedback and performance indicators.

"Our industry has seen a lot of change over the past decade, but what hasn't changed is the strength and scale of our ecosystem," said Jennifer Morgan, Co-CEO of SAP. "Our partnerships give us the ability to be a part of the broader conversation - and their impact is both evident and critical to our customers' success." Christian Klein, Co-CEO of SAP added, "Partners are the heart and soul of our vision for the Intelligent Enterprise and play an important role in turning this vision into reality for our customers. We are looking forward to jointly delivering success to our customers with our vibrant and successful ecosystem - now and in the future."

Norbert Rotter, CEO of itelligence | NTT DATA Business Solutions, said: "I am delighted about SAP's acknowledgement of our globally expanding cloud business. Receiving these two prizes will serve us as an incentive to continue in our strategic efforts to expand this business and to invest in procurement. This will also benefit our customers through the continued development and expansion of our partner network and the know-how transfer that itelligence conducts in order to translate the latest SAP technologies into digitization solutions, tailored to meet customers' needs."

The 2020 SAP Pinnacle Awards mark the next step in award collection for itelligence. For the last 17 years, they have been recognized as a Partner of the Year 14 times. SAP has an ecosystem of 13,000 partners, but only 13 receive this recognition. itelligence also recently won an SAP North America Partner Excellence Award for Emerging Enterprises. These awards were presented by SAP to top-performing partners and customers that are using SAP products to transform their business, drive innovation, and win the digital economy.

SAP Pinnacle Awards shine a spotlight on SAP's partners' remarkable contributions, acknowledging their dedication to teamwork, innovative approach and capacity to challenge what is possible to help customers achieve their goals.
