An Homage to Nature: THOMAS SABO launches the Spring/Summer Collections 2021

Lauf a. d. Pegnitz (ots) -

For its Spring/Summer 2021 Collections, THOMAS SABO draws inspiration from the richness of nature and presents jewellery designs that impress with their elaborate workmanship. The portfolio is as diverse as nature itself.

THOMAS SABO combines elegant gold tones with deep green gemstones in its precisely handcrafted Heritage line. Expressive creations are also the focus of the Magic Garden line: a butterfly, richly decorated with stone embellishment, is the exclusive highlight piece and a statement piece for summery looks.

"The essence of this Collection lies in its connection with nature, the concentration on the essential", says Thomas Sabo, Founder and Chairman of the company.

The Charming Collection also starts the season playfully. Delicate natural motifs decorate the trendy pieces of jewellery, which can be combined in numerous variations. With the motto "Go for Gold", musician David Garrett is the face of the bold Rebel at heart Collection and presents THOMAS SABO icons with high-quality yellow gold plating.

The designs will be available worldwide from 15th January 2021 in THOMAS SABO stores, shop-in-shops, online at www.thomassabo.com and from selected partners.
