it.calibration from NTT DATA Business Solutions Now Available on SAP® Store as Part of SAP's Industry Cloud Portfolio

Bielefeld (ots) -

it.calibration delivers innovative, vertical solutions to drive cost-effective transformation and sustainable growth for the Life Sciences industry

[NTT DATA Business Solutions](#) announced today that its [it.calibration solution](#) is now available on the [SAP® Store](#) site and is part of SAP's industry cloud portfolio for the Life Sciences industry.

Jan Ammann, Global Head of Industry & LoB Collaboration at NTT DATA Business Solutions AG: "Companies reap the benefits of using it.calibration immediately. The device calibration's quality forms the basis for further digitization en route to a smart factory. The inclusion of it.calibration in SAP's industry cloud for life sciences reiterates not only the quality of this product but also its strategic significance as a solution across all sectors. Reliable measurement data are an important success factor in the digitization process."

Available as a validated app on SAP Store, it.calibration can be used across all sectors wherever there is a need for the prompt availability of accurate measured data. it.calibration from [NTT DATA Business Solutions](#) automates tasks relating to the documentation of measuring device calibration processes. The native app for tablets running either the Apple iOS or the Android operating system connects to the SAP ERP or SAP S/4HANA backend system via the SAP Business Technology Platform (SAP BTP). The results from the validation of thermometers, scales or other measuring devices can be recorded on the tablets and transferred to the SAP system quickly and easily.

"Industry cloud partner applications running on SAP Business Technology Platform complement our intelligent suite capabilities to drive tangible business outcome," Mandar Paralkar, Global Vice President, SAP Life Sciences.

To enable companies to become intelligent enterprises, SAP is expanding its vertical solutions with an ecosystem of [industry cloud solutions](#). These offerings complement the existing SAP portfolio to extend the value of joint customer investments. The solutions leverage SAP BTP, with advanced technologies, and are interoperable with SAP Business Network and the intelligent suite. NTT DATA Business Solutions has worked with SAP to create offerings that meet a broad range of industry requirements to provide customers with tools to help achieve positive business outcomes.
