NTT DATA Business Solutions AG Receives SAP® MEE Partner Excellence Award 2022 for RISE with SAP

Bielefeld (ots) -

NTT DATA Business Solutions AG has been a big winner at the SAP® Partner Excellence Awards under its new corporate name. The internationally operating IT service provider, formerly known as itelligence, announces that it has received an SAP MEE Partner Excellence Award 2022 for RISE with SAP. With these awards SAP recognize the top performers amongst the SAP partners in the Middle and Eastern Europe (MEE) region that make an outstanding contribution to businesses' digital transformation with their customer projects based on SAP solutions. Award winners – in partnership with SAP – support customers in adopting innovation, gaining rapid results, growing sustainably, and applying SAP solutions with greater ease.

“This award is testament to our leading role with respect to RISE with SAP as a globally successful SAP partner in the small to midsize enterprise sector,” said Norbert Rotter, CEO of NTT DATA Business Solutions AG. “Digital transformation is picking up speed around the world and an ever-increasing number of companies are putting their trust in our cloud expertise to utilize SAP S/4HANA® Cloud for new business models. This demand has helped us to grow in a dynamic market environment.”

SAP selects the nominations for the SAP Partner Excellence Awards from its large and diverse partner base, using internal SAP sales data. A committee composed of regional and global SAP representatives determines the winner in each category based on various criteria such as sales achievement and performance. The awards are given in a number of categories, including overall sales, innovation, technology, services and solution-specific areas.

“Your solutions help customers to adopt innovation with ease, grow sustainably and operate more effectively in the cloud,” said Rummyana Trencheva, SVP Midmarket and Partner Business MEE, SAP. “I am pleased and honored to congratulate NTT DATA Business Solutions AG on receiving the SAP MEE Partner Excellence Award for RISE with SAP. We look forward to collaborating with you on the transformation into the cloud. Let's shape the future together.”

As a longstanding partner, NTT DATA Business Solutions AG are experts in delivering SAP products. “RISE with SAP opens up entirely new possibilities, and SAP Business Technology Platform, included in the RISE with SAP bundle, offers new technologies that make advanced data analysis, machine learning and IoT functions possible,” said Dr. Andreas Pauls, EVP Region DACH, Managing Director Germany at NTT DATA Business Solutions AG.

NTT DATA Business Solutions AG was presented with the award at the MEE Partner Ecosystem Success All Hands Call 2022, an event that brought together SAP executives, SAP field sales representatives and partners.
