NTT DATA Business Solutions AG Receives 2022 SAP® Pinnacle Award and is Named a Finalist in Several Categories

NTT DATA Business Solutions AG today announced that it received a 2022 SAP® Pinnacle Award in the Sales Excellence – Cross Segment category and the Sales Excellence – Midmarket category for its outstanding performance as an SAP partner. In addition, NTT DATA Business Solutions was named a finalist for the 2022 SAP Pinnacle Award in the Demand Generation category and the Delivery Excellence category. The winners and finalists of the 2022 SAP Pinnacle Awards were chosen in 22 categories on recommendations from SAP, customer feedback, and performance indicators.

"With the SAP Pinnacle Awards, we recognize top-performing partners who have excelled in helping customers become best-run businesses," said Christian Klein, CEO of SAP SE. "The winning partners have been chosen based on their commitment to customer value creation, exponential growth, and simplification. Together, we support our customers on their journey to becoming intelligent, sustainable enterprises."

SAP Pinnacle Awards shine a spotlight on distinguished partners to acknowledge their dedication to teamwork, exceptional innovation, and capacity to help customers achieve their goals.

"Working with the winners of an SAP Pinnacle Award means working with top SAP partners. And we are one of them. That makes us very proud," said Norbert Rotter, CEO of NTT DATA Business Solutions AG. "We are a leading SAP partner for the midmarket. This year's awards once again impressively underline this. We use leading technologies from SAP and our own solutions to optimize our customers' business success. This remains our claim and is our promise of quality."

The 2022 SAP Pinnacle Awards have a laser focus on recognizing partner performance outcomes and were revised to be even more customer-centric, thereby showcasing the direct value partners bring to customers. By moving away from recognizing partners based on their relationship type, solution, or line-of-business focus, the enhancements for 2022 make the award categories applicable to the entire SAP partner ecosystem, boosting eligibility and making them the most inclusive ever.
