## **Lyonesse International AG and Lyonesse Europe AG: Insolvency proceedings initiated for both companies - national companies to continue operations as before**

*London/Verona (ots) -*

Insolvency proceedings have been commenced in respect of Lyonesse International AG and Lyonesse Europe AG, both of which are officially headquartered in Buchs, Switzerland. The insolvency proceedings pertain solely to these two companies. The Lyonesse national companies, which operate a shopping community for consumers and participating partner companies independently of each other in the respective countries, will continue their operations as before. Existing Lyonesse members of the individual national companies will, therefore, continue to receive the usual purchase benefits when they shop at Lyonesse partner companies.

Christopher Thomson, president of the administrative board of Lyonesse International AG and Lyonesse Europe AG explained: "Over the last few years the pandemic, energy crisis and inflation have left deep marks in our company. Regretfully, the management team no longer sees itself as being in a position to continue the running of Lyonesse International AG and Lyonesse Europe AG in their present form."
