Fox ESS Achieves A-Rating in 2025 HTW Berlin Energy Storage Inspection

Berlin (ots) -

We are thrilled to announce that the **Fox ESS H3-10.0-Smart hybrid inverter** and **ECS2900-H6 battery** have earned an A-rating in the 2025 HTW Berlin Energy Storage System Inspection!

In this evaluation, **Fox ESS** showcased the performance of our fully in-house developed hybrid inverter and battery system. This result reflects our continued efforts in improving energy storage technology.

HTW Berlin, a leading German university of applied sciences, is well-regarded for its research in energy storage technologies. Its annual 'Storage Inspection' reports provide valuable evaluations, testing energy storage systems under real-world conditions. This research contributes to the advancement of efficient and reliable energy storage solutions.
