Healthcare Holding Switzerland Acquires Schaublin Medica

Baar, Switzerland (ots/PRNewswire) -

Healthcare Holding Switzerland AG, a leading provider of services and distributor of medical technology in Switzerland, has strengthened its portfolio with the acquisition of Schaublin Medica SA. Healthcare Holding Switzerland is managed by Winterberg Advisory GmbH.

Healthcare Holding Switzerland AG has successfully completed the acquisition of Schaublin Medica SA. As part of a succession plan, the group acquired 100% of the shares from the founders. Schaublin Medica specializes in the distribution of vascular grafts, endoprostheses, stents, and drug-coated balloon catheters from leading manufacturers to hospitals across Switzerland. In addition to offering high-quality products, the company provides consulting, training, and service solutions. Its founder, Robert Schäublin, has over 40 years of expertise in cardiac and vascular surgery.

David Egger, a member of the management team at Healthcare Holding Switzerland, expressed his enthusiasm for the acquisition: "Schaublin Medica is a highly reputable and well-known specialist provider of products for invasive and endovascular procedures across Switzerland. The company embodies excellence in medical technology and exceptional customer service. We are committed to reliably and responsibly continuing the successful development and operation of Schaublin Medica."

Robert Schäublin, founder and President of the Board of Directors of Schaublin Medica SA, added: "We are truly delighted to have found the ideal partner for the succession of our company. I will continue to dedicate myself to my work with great passion and remain involved in the business. It's reassuring to know that Schaublin Medica's team and customers are in capable hands. Together with the other companies in the group, we will have the opportunity to expand our product portfolio and deliver even greater service excellence to our clients."
