

## Infosys Collaborates with AGCO to Deliver IT and HR Operations Transformation

Bengaluru, India (ots/PRNewswire) -

*Building on a longstanding relationship to enhance AGCO's operational framework for growth by leveraging Infosys Cobalt and Infosys Topaz*

[Infosys](#) (NSE: INFY) (BSE: INFY) (NYSE: INFY), a global leader in next-generation digital services and consulting, today announced the extension of its strategic collaboration with [AGCO Corporation](#) (NYSE: AGCO), a global leader in the design, manufacture and distribution of agricultural machinery and precision agriculture technology. This new engagement spans IT infrastructure and HR operations, empowering AGCO with an efficient and future-ready operational framework. The transformation aims to enhance user experience through responsive IT solutions, simplicity, consistency and cost reductions via standardized processes as well as accelerated efficiency with scalable tools and automation technologies.

Building on the trust fostered through a strategic digital transformation collaboration, the two companies are working together on the following critical areas:

- HR operations aimed at elevating employee experience, streamlining processes and driving efficiency within AGCO's human resource functions, in collaboration with the [Infosys BPM practice](#).
- IT infrastructure operations leveraging best-in-class offerings like [Infosys Polycloud](#), a part of [Infosys Cobalt](#), along with automation technologies aimed at simplifying, standardizing, and optimizing AGCO's IT ecosystem.
- In an effort to simplify AGCO's operations and realize cost efficiencies, Infosys is using generative AI for knowledge management, problem analysis, categorization and incident resolution. Powered by [Infosys Topaz](#), an AI-first set of services, solutions and platforms using generative AI technologies, Infosys will work towards ensuring access to next-gen tools and technology vital for AGCO's growth trajectory.

"At AGCO, we're committed to delivering excellence in everything we do, always putting Farmers First. Collaborating with Infosys is intended to enable us to create a responsive, streamlined and innovative operational ecosystem within IT and other functions that allows our teams to focus on critical and strategic initiatives that center on the farmer," said **Viren Shah, Chief Digital & Information Officer, AGCO Corporation**.

"By leveraging our strengths in AI, automation and digital expertise, our collaboration with AGCO reflects Infosys' commitment to delivering tangible outcomes that drive enhanced user experience, efficiencies and lower operational costs," said **Jasmeet Singh, Executive Vice President and Global Head of Manufacturing, Infosys**. "This collaboration underscores the power of innovation and trust that has been the hallmark of our relationship with AGCO over the years."
