Infosys Collaborates with RWE AG to Drive Automated Digital Workplace Transformation

Bengaluru, India and Essen, Germany (ots/PRNewswire) -

The collaboration will implement solutions that automate processes and provide self-service options to support RWE's journey towards operational excellence

Infosys (NSE: INFY) (BSE: INFY) (NYSE: INFY), a global leader in digital services and consulting, today announced a strategic collaboration with [RWE](#), a German multinational energy company, to drive automated digital workplace transformation and improve operational efficiency. Leveraging [Infosys Workplace Suite](#), an amalgamation of tools and accelerators that help enterprises drive adoption of Digital Workplace Services, the collaboration will implement solutions that automate processes and enable self-service options, supporting RWE's ongoing efforts to drive operational excellence.

Infosys has collaborated with RWE as a trusted partner for over 12 years, supporting numerous modernization and business transformation initiatives. Leveraging this extensive experience and its expertise in complex digital workplace transformations, Infosys is working closely with RWE to modernize its workplace with a strong focus on user centricity and sustainability. Building on this extensive experience and its expertise in managing complex digital workplace transformations, Infosys will guide RWE towards a modern workplace, placing user centricity and sustainability at the heart of its approach. This transformation will use tools like migration factory for automated Office 365 migration, collaboration apps, business dashboards and reports, Azure-powered conversational bot, service request automation, and governance solutions. These tools will support RWE in streamlining business operations and enhancing the employee experience.

Gülnaz Öneş, Group CIO of RWE, emphasized, "By leveraging modern technologies and aligning them with our sustainability and efficiency goals, we are streamlining operations, empowering our people, and creating value across RWE. Our collaboration with trusted partners like Infosys underscores our commitment to a resilient, agile digital workplace that drives sustainable growth."

Ashiss Kumar Dash, EVP & Global Head Services, Utilities, Resources, Energy and Enterprise Sustainability, Infosys, said, "Infosys is dedicated to empowering RWE AG in its ambitious journey to become a leading all-digital enterprise in Europe. By implementing our advanced digital workplace solutions, we are not only streamlining their operations but also directly enhancing their ability to deliver exceptional value to their core customers. Our focus is on equipping RWE's workforce with the latest digital capabilities, fostering a highly skilled and productive environment, ultimately helping drive sustainable growth."
