Bertrandt Receives Bosch Global Supplier Award 2025 / Award for Longstanding and Trust-Based Collaboration

Ehningen (ots) -

Bertrandt has been honored with the prestigious Bosch Global Supplier Award 2025 for outstanding supplier performance in the category of “Indirect Purchasing.” This places Bertrandt among the exclusive group of top suppliers to the international technology and services company Bosch, selected from thousands of companies worldwide.

As a service provider, Bertrandt places great value on long-term and trust-based collaboration. The company has been working with Bosch for over 20 years, successfully implementing numerous projects together. This year, Bosch recognized Bertrandt with a global supplier award in the “Indirect Purchasing” category. The award is presented every two years and highlights the consistent prioritization of quality, cost, sustainability, and innovation in the partnership.

“It means a great deal to us to be honored with the Bosch Global Supplier Award this year, selected from thousands of suppliers worldwide. This underscores the quality of our services and demonstrates our broad solution expertise as well as the close, collaborative relationship with Bosch. We will continue to do everything we can to drive forward innovative and sustainable projects together with Bosch,” emphasized Michael Lücke, member of the Bertrandt Executive Board.

Together with the project teams involved over the past years and the Sales Team, Bertrandt Key Account Manager Ulrich Schatz has been instrumental for many years in the efficient and goal-oriented development of the customer relationship. “Especially in light of the current economic challenges, this award is a strong and motivating signal of appreciation and trust in Bertrandt, complementing our status as a preferred supplier to Bosch since 2019,” said Ulrich Schatz.
